

Bouquets and Buckets

(2026)

Introducing...

Bouquets and Buckets is a relaxed, DIY-friendly, wedding flower service focused on the pieces that matter most.

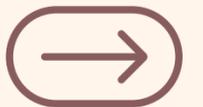

We specialise in bridal bouquets, bridesmaid bouquets, buttonholes, and generous buckets of seasonal, British-grown flowers for you to arrange yourself.

Designed for couples who want beautiful, thoughtfully grown flowers without the complexity of full-service floristry.

Why choose Bouquets and Buckets?

We understand that planning a wedding can be overwhelming and expensive, especially when it comes to flowers. That's why we created Bouquets and Buckets—to simplify the process and give you control over what you want for your special day.

Here's how it works

- Browse our menu to see what we offer and to view pricing.
- Choose which floral components you'd like to include in your order. You can select from bridal bouquets, bridesmaid bouquets, buttonholes, and buckets of seasonal flowers for DIY styling.
- Customise your selection by letting us know your colour palette.
- Get in touch to check for availability and confirm your order at least four weeks before your wedding day. Most couples book many months to a year in advance to ensure we have availability.
- Once we have confirmed availability you will need to send a £100 non-refundable deposit to secure your booking.
- Final colours and quantities must be confirmed four weeks before collection.
- Your final invoice will be sent two weeks before collection and must be paid in full at least seven days before.

Your Perfect Bouquet

Inspired by your colour palette and the best the season has to offer, we will create a one off garden style bouquet for you and your bridal party.

Our bouquets come in one size and shape. If you are after something very specific for your wedding, such as a particular flower, we may not be the choice for you. We grow seasonally and therefore are limited to what we can offer. However, this provides a unique opportunity for you to have beautiful and locally grown flowers that are truly in season.

Bridal Bouquet: £110

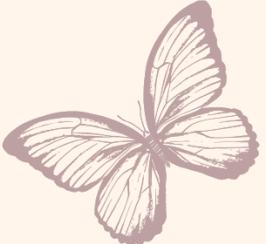

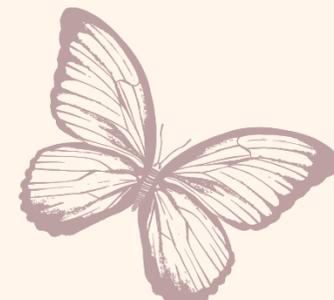

Flowers for the Bridal Party

Style your bridal party with grace—select from bridesmaid bouquets, buttonholes, and more. These cohesive floral accents ensure every member of your party blends seamlessly into your theme.

Bridesmaid Bouquet: £60

Buttonholes: £12

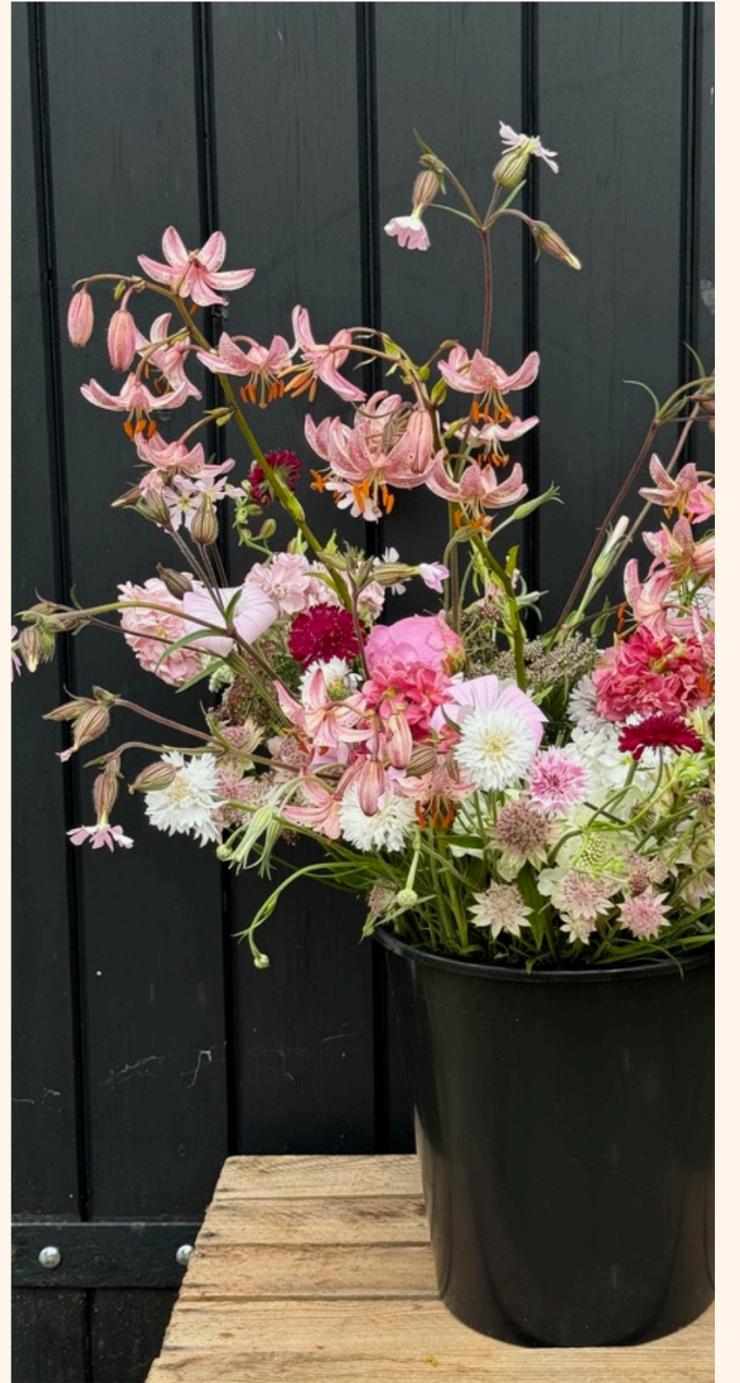

Arranger's Buckets

Transform your ceremony or reception with our centrepiece options including vases in varying sizes or opt for more delicate bud vase arrangements.

By moving them around each arrangement can be used throughout the day either in the ceremony area or for the reception afterwards.

£65 for 50 Stems

Stem Guide

Numbers of stems required for you to make your own arrangements may vary depending on what style you are hoping to achieve e.g. more for a fuller garden floral feel, less for an airy wild feel.

Frequently asked Questions

- Do you offer a full design service?
 - We don't offer full floral design, venue styling, or installation services. If you're looking for complete wedding floristry or on-the-day setup, we recommend working with a wedding florist who specialises in full-service designs.
- When can you supply wedding flowers?
 - We are only able to take bookings for DIY wedding flowers between the months of April and October when British flowers are at their best.
- Are DIY flowers right for me?
 - If you are on a budget, are fairly flexible and relaxed about your wedding flowers, a little creative and have time/help to arrange your flowers the day before the wedding then they are definitely for you.

Frequently asked Questions

- How does collection work?
 - Your flowers will be ready collect in the morning the day before your wedding to ensure they remain fresh for your big day.
 - You will need an empty car or van depending on the size of your order. Boxes and packaging is useful to help the flowers stay upright and avoid damaging them during transport

- Can you deliver?
 - We may be able to deliver for larger orders for a fee if you are fairly local.

- How do I store the flowers?
 - You will need to keep the flowers in a dark and in a cool spot before and after arranging.
